

Leo Fernandez

Junior Data Scientist

leo.fernandez@email.com

Professional Summary

Junior Data Scientist with 2 years of experience in data exploration, machine learning modeling, and statistical analysis. Proficient in Python, scikit-learn, and working with structured datasets.

Skills

Python, pandas, scikit-learn, NumPy, Matplotlib, Seaborn, Machine Learning (Basic), EDA, Linear Regression, Classification Models, Jupyter Notebooks

Experience

Data Scientist - QuantifyAI (2023 - Present)

- Developed logistic regression and decision tree models for customer segmentation.
- Conducted exploratory data analysis and presented findings to business teams.
- Cleaned and transformed raw data for modeling tasks.

Data Science Intern - PatternMine Analytics (2022 - 2023)

- Assisted in training supervised learning models and measuring accuracy.
- Created visual reports and participated in weekly model reviews.

Education

B.S. in Data Science, Indiana University Bloomington, 2022
